

You O' Israel were created by the very hand of G-d.

You are as ancient as the rocks we tread upon.

You were a gift to the sons and daughters of Abraham.

Your life blood is to be found in the most remote places on the face of the earth.

The Light that this land and its people were given, radiates civility, shalom and holiness into an otherwise dark world.

Help us aveinu malchienu, as inheritors of this Light, to be ever mindful of our responsibility in sharing this Light with mankind.

Help us aveinu malcheinu as inheritors of this Land to be ever vigilant of those who would seek to snuff out this Light and to lay waste to this Land..

Help us aveinu malcheinu to not shirk the mantle of holiness that we as "a Kingdom of priests" accepted when we said "vnaasyeh vnishma" at Sinai.

May we never forget that when You set us free from mitzrayim, we made our way, not to the remote corners of the earth but to one place and only one place, Eretz Israel.

May that flame never be extinguished and may that yearning for Eretz Israel never be forgotten.
